PROFESSIONAL SUMMARY

Results-driven **Software Developer** with 2+ years of experience specializing in **React.js, JavaScript, and TypeScript**, proficient in developing scalable, clean, and maintainable web applications. Having experience implementing responsive designs, optimizing performance, and ensuring cross-browser compatibility. Experienced in collaborating with cross-functional teams to deliver innovative solutions while adhering to Agile methodologies.

EXPERIENCE

Software Developer

Wipro

03/2023 - Present

Bengaluru

- **Developed and integrated the items page for manufacturing**, allowing real-time updates and streamlined monitoring of production inventory, leading to increased operational efficiency.
- **Designed and Implemented the transportation page for the manufacture section**, ensuring efficient tracing of goods and improving logistics visibility across the supply chain.
- Built intuitive visualization tools for real-time data insights, transforming raw data into actionable intelligence.
- **Enhanced data flow and reporting for the transportation and vendor pages**, delivering actionable insights that reduced delays in supply and improved vendor relationships.

Full Stack Developer

Blobcity iSolutions pvt ltd

08/2022 - 03/2023

Remote

- Collaborated on the enhancement of the **Starbucks India Dashboard page**, integrating real-time data insights and ensuring seamless backend-to-frontend communication for improved site functionality and user engagement.
- **Revamped the ordering cart and payment gateway pages**, achieving a smoother checkout process and reducing cart abandonment.
- Enhanced the UI with a fully responsive **sidebar menu** and **Gravatar** functionality, boosting personalization features.

TECHNICAL SKILLS

Languages:

JavaScript(ES6+), TypeScript, HTML5, CSS/Sass, **Java**, Python

Frameworks and Libraries:

React.js, Redux, **Next.js**, Angular, D3.js, Chart.js

Tools and Platforms:

Git, GitHub, Postman, Firebase, GCP, VS Code, JIRA

Testing Tools:

Jasmine, Mocha, Karma (TDD experience)

Others:

Web Performance Optimization, PostgreSQL, Docker, Kubernetes, AWS

PROJECTS

React CSV Manager Implemented user authentication, responsive design with sidebar menu, and CSV file uploads via modal, with instant data display in a home screen table. (LINK)

Kanban Board Developed React-based project management tool with drag-and-drop features, responsive design, and customizable columns for seamless task organization. experience. (LINK)

EDUCATION

Noida Institute of Engineering and Technology

B.Tech (IT): CGPA: 7.35

Greater Noida, U.P

08/2018 - 07/2022

CERTIFICATIONS & ACHIEVEMENTS

- Solved 430+ problems on LeetCode and 400+ technical challenges, demonstrating strong problem-solving skills.
- Selected by KPIT for exceptional technical skills and innovative solutions.
- Actively contributed to cross-functional teams using Agile methodologies, ensuring timely project deliveries.
